Your Views On The Proposal

Q8. Which of the following best expresses your view of the proposed Bill? (please note this is a compulsory question)

Fully opposed

Please explain the reasons for your response.

Drugs laws are for the whole of the UK and are reserved to parliament. These state sponsored shooting galleries would be in breach of the law. The Scottish devolved executive should properly fund drug treatment and rehabilitation programmes.

The rest of the UK has a much smaller drug death issue. Maybe instead of giving addicts somewhere to hit up, the devolved executive should look at how the rest of the UK is dealing with the problem instead of setting up a safe place for people to use illegal substances.

Q9. Do you think legislation is required, or are there are other ways in which the Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Please read my response to to previous question.

Q10. Which of the following best expresses your view of the proposal to establish overdose prevention centres?

Fully opposed

Please explain the reasons for your response.

Please read my response to the first question. All the details are there.

Q11. Which of the following best expresses your view of the proposal for a licensing regime to enable the establishment of overdose prevention centres?

Fully opposed

Please provide reasons for your response, including on the proposed conditions for licensing (see pages 12 to 14 of the consultation document) and on the proposal that health and social care partnerships are responsible for licensing and scrutinising OPCs?

Opposed because they are illegal.

Q12. Which of the following best expresses your view of the proposal for a new body, the Scottish Drugs Deaths Council?

Fully opposed

Please provide reasons for your response, including views on the proposed functions of the SDDC (see pages 14 to 16 of the consultation document) and on how it should operate in practice.

Yet another body that Will say a lot and do nothing. Yet another government quango.

Financial Implications

Q13. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

a significant increase in costs

Equalities

Q14. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.

Sustainability

Q15. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? If you do not have a view then skip to next question.

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

Yes. The property values near to these shooting galleries will fall through the floor. They will become riddled with crime with people stealing to pay for their fix.
