Your Views On The Proposal

Q8. Which of the following best expresses your view of the proposed Bill? (please note this is a compulsory question)

Partially supportive

Please explain the reasons for your response.

Steps toward providing safe spaces & equipment for drug use are welcome.

Opportunity to build on the legacy/the success of rapid PCR based diagnostics during the Sars-CoV-2 pandemic;

Funding & support for Blood Borne Virus (BBV) PCR testing - HIV, Hep B & Hep C - managed in the proposed centres under the oversight of local health boards, provides the opportunity to reduce BBV transmission, through increasing diagnoses.

Q9. Do you think legislation is required, or are there are other ways in which the Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Unsure

Q10. Which of the following best expresses your view of the proposal to establish overdose prevention centres?

Fully supportive

Please explain the reasons for your response.

Evidence for avoided death, and reduction of harms.

Opportunity to engage with users

Q11. Which of the following best expresses your view of the proposal for a licensing regime to enable the establishment of overdose prevention centres?

Fully supportive

Q12. Which of the following best expresses your view of the proposal for a new body, the Scottish Drugs Deaths Council?

Partially supportive

Financial Implications

Q13. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

a significant reduction in costs

Please explain the reasons for your answer, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.

Cost avoidance within social & healthcare through reduced unscheduled care; reduced BBV transmission:

Opportunity to build on the legacy/the success of rapid PCR based diagnostics during the Sars-CoV-2 pandemic;

Funding & support for Blood Borne Virus (BBV) PCR testing - HIV, Hep B & Hep C - managed in the proposed centres under the oversight of local health boards, provides the opportunity to reduce BBV transmission, through increasing diagnoses could potentially increase cost avoidance

Equalities

Q14. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.

No Response

Sustainability

Q15. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? If you do not have a view then skip to next question.

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?
